The screenshot shows the CLARIAH website homepage. At the top, there is a navigation menu with links for 'Over', 'Werkpakketten', 'Projecten', 'Disseminatie', 'Evenementen', 'Nieuws & Blogs', and 'Contact'. The main header features the title 'Common Lab Research Infrastructure for the Arts and Humanities' and a sub-header 'CLARIAH: een gedistribueerde onderzoeksinfrastructuur voor onderzoekers in de Geesteswetenschappen.' Below this is a navigation bar with icons and labels for 'TOOLS', 'DATA', 'STANDAARDEN', and 'EDUCATIE'. The main content area is divided into three columns: 'Nieuws' (News), 'Blogs & Artikelen' (Blogs & Articles), and 'Binnenkort' (Upcoming). The 'Nieuws' section highlights a 'Call for Participation: 4 DH Summer Schools of DARIAH-DK' with details on dates and location. The 'Blogs & Artikelen' section features a photo of a person at a presentation and a list of related articles. The 'Binnenkort' section lists upcoming events like 'CLARIAH Toog-dag' and 'Radboud Digital Humanities Spring School 2017'. A 'Tweets' section at the bottom right shows a tweet from Huygens ING - KNAW about a research pilot project. A vertical list of recent news items is also visible on the left side of the main content area.

## SUBMENU

- Disseminatie & Educatie
- Techniek
- Focusgebieden ▾
- Taalkunde
- Sociaal-Economische Geschiedenis
- Media Studies
- Formulieren

## Focusgebieden

Het project richt zich op drie focusgebieden die functioneren als voorloper voor andere disciplines en die samen alle vormen van data vertegenwoordigen: tekst, beeld, audio-visueel materiaal en gestructureerde data (databases).

De drie focusgebieden zijn:

- Taalkunde
- Sociaal-Economische Geschiedenis
- Media Studies

In ieder gebied werken multidisciplinaire teams van inhoudelijk deskundigen, technische experts en databeheerders samen om bestaande data en applicaties te cureren, te verrijken en aan elkaar te koppelen. De drie focusgebieden worden ondersteund door gemeenschappelijke techniek.

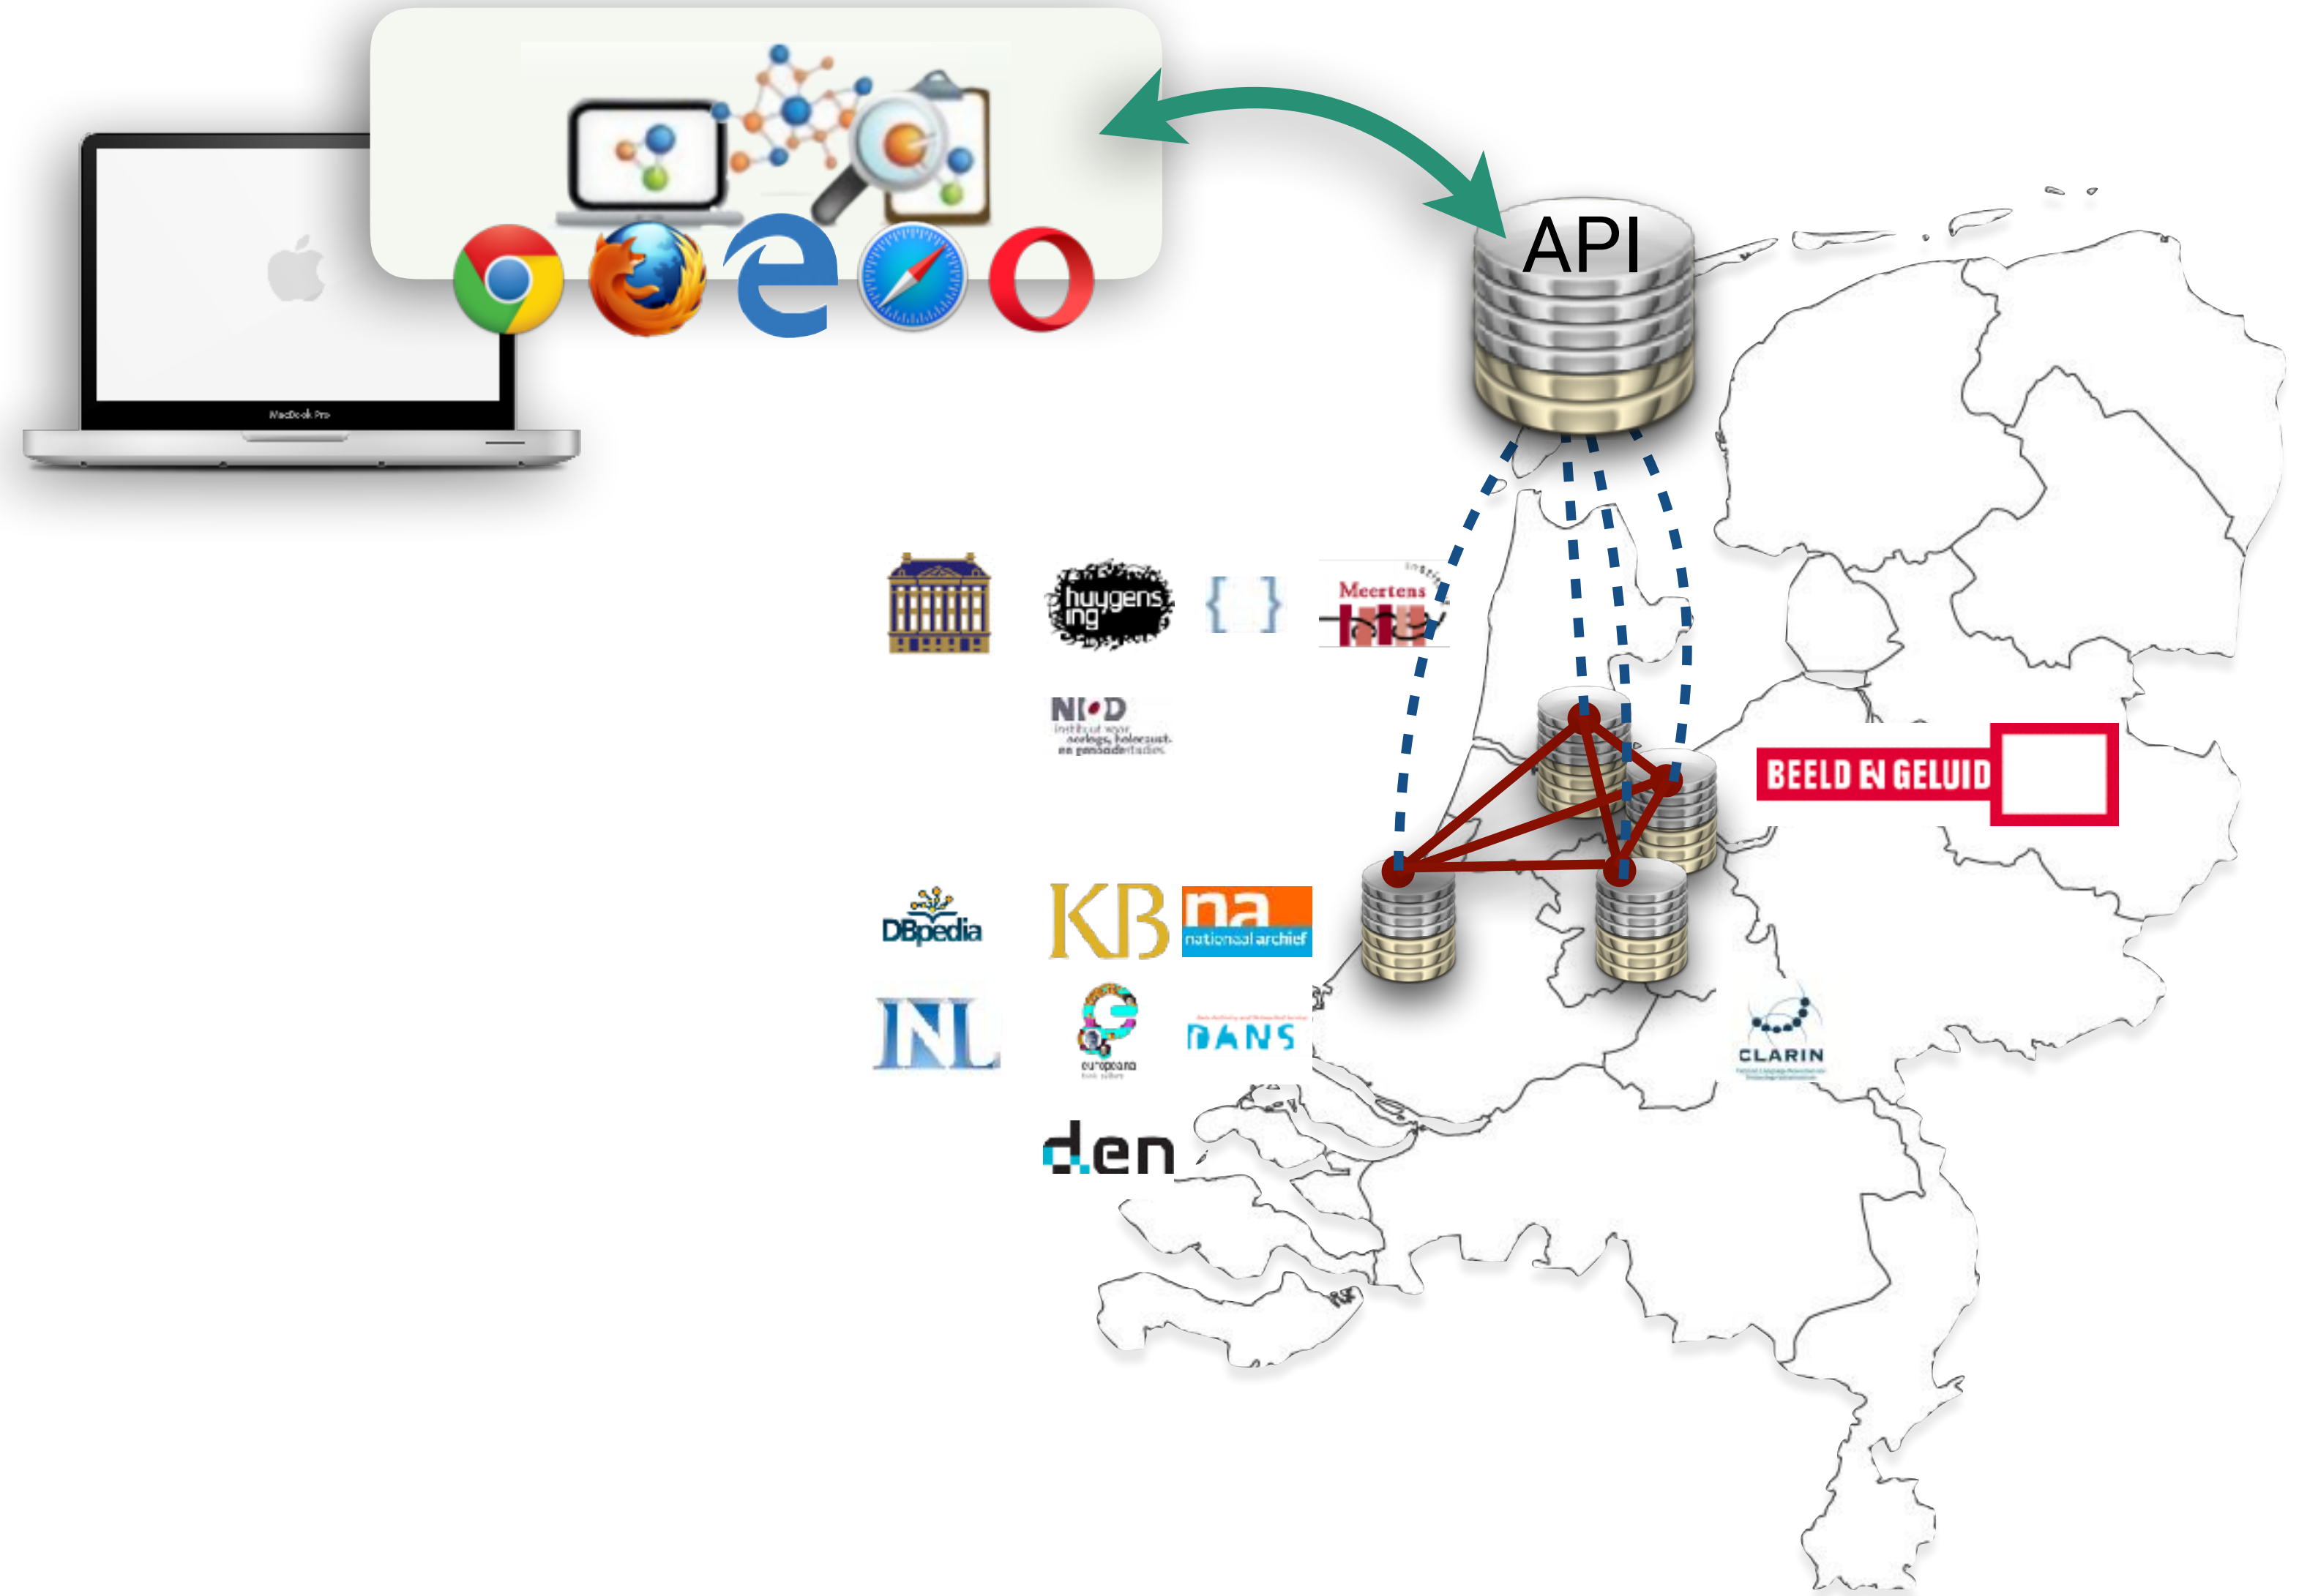

Hoewel CLARIAH zich nu richt op drie gebieden, kunnen andere disciplines uit zowel de Geestes- als de Sociale wetenschappen ook hun data en applicaties aanmelden en mee laten doen in curatietrajecten.

# The CLARIAH-project

An illustration of two hands, one from the left and one from the right, holding a globe. The hands are rendered in a simple, black silhouette style. The globe is also a simple silhouette, showing the continents and oceans. The hands are positioned as if they are supporting the globe from below.
